this same destruction battalion member arrived in Toronto to poison and destroy our cultural life. In the same group were the married couple Beckmann, the widow of artist Eric Adamson etc.

### Comment.

Although they were on the original list VLADIMIR and AIMEE BEEKMANN and PAUL KUUSBERG never made the trip. Reason given was bad health which at the last moment forced a cancellation.

It appears that portions of the article were written before the arrival of delegations. Especially noteworthy is Section A where V. Beckmann "displayed agitation" on seeing Heine with his sign. Perhaps a role of this type had been foreseen for V. Beckmann to act at the airport.
